Exit the page (form) when you are done using it. If too many are left open, it will slow down Banner 9.

**Related and Tools menus:**
- Both appear on all Banner forms.
- **Related**: lists Banner pages/forms related to the process on current page/form.
- **Tools**: list Actions, Options, Page Layout

Use the **arrow buttons** to move from section to section.
You can also use

Alt + Page Up  **or**  Alt + Page Down
Notification Center
Message will go away if you press Enter (or Return) key.
Coming soon....

- Fine Grain Access for Business Unit holds
  - Currently being setup. Once in place, you will be able to add/end holds as yourself instead of logging into a service account (“COED HOLD”).

- Banner 9 Self Service or “SAIL”
  - More modern looking interface
  - Mobile friendly
  - Rollout probably over the next year or more
Registrar Forms
Banner Admin Pages

- Page displays have changed. The traditional Banner 8 form displayed many parts of a Banner form including the menu bar, the toolbar, the key block, etc. The page display in Banner 9 has changed. The initial display when accessing a page in Banner 9 presents only the key section. The full data page is only visible after a search is initialized. Once the record is identified click the GO Button to fully display the page.

Parts of Banner Pages

- Recently Opened Button: Allows you to see and select pages you have viewed during current session.
- Search Box: Enables you to search for specific information.
- Related Button: Allows you to link to other pages relevant to your process or module.
- Tools Button: Allows you to update, print, export, etc. the contents of a particular page. Tools items may change depending on the page you are viewing.
- Go Button: Execute a search after criteria is entered into the search box. Also allows you to proceed to the next areas of information within a page.
- Record Navigation Buttons: Allows you to navigate to next/previous page, section or record.
Admin pages that have multiple records associated within a page are identified by the Page Navigation Buttons located on the bottom left of a page. The number of records associated with the page is displayed. Use the Page Navigation Buttons to move to display the record. Page down and Page up is also an option in moving between records within a page. The side scroll parm is no longer an option.

SOAHOLD—Helpful Tips

- To immediately clear the hold, enter the current date: enter ‘T’ and press enter and it will enter the current date.
- Hold information is created by a particular user and may only be deleted or changed by that user / user class.
- Hold type, from, and to are required fields.
Page Updates and Changes to Sections

- Record maintenance within a page is executed using the action buttons of Insert Delete Copy and Filter. These items appeared on the Record Pull down menu in Banner 8. The action buttons also appear within sections of forms.

SFASPRO Helpful Tips

- To enter a permit, select ‘insert’
- Each permit only serves one function. Students may need more than one permit before they enroll
- Data is displayed on a term-by-term basis
- Select the THREE DOTS to enter query mode to find correct permit.
SFASTCA Helpful Tips

- The date and user for the row you are on are now located at the bottom of the screen.
- Can switch between multiple and single record view by toggling these icons.
- The filter option can be helpful to drill down to specific records to view.
• The Tools Button provides access to the familiar pull down menus of Options, Record and Help in Banner 8.
The related button allows you to link other pages that may be relevant to the page you are currently viewing.

**SSASECT Helpful Tips**

- Come to our course building training held in the SPRING! Be on the look out for date announcements!
The SAVE Button

SGAADVR Helpful Tips

- Click the three dots to search student by name
- Make sure the “term” and “from term” match
  - If they do not match click on maintenance icon to open maintenance popup menu. Once open, select the Copy Advisor option
Additional Key Blocks

Helpful Tips

- The X button- clicking the X button in the upper left corner of a page will navigate back to the Home Screen. Button can also be utilized to cancel a filter/query within a page.
- If you don’t know any of the variable, click the three dots to enter the query mode.
- If any comments exist for the person you have looked up, the most recently-created comment record will appear first. Use the scroll bar on the far right of your screen (or press the down arrow on your keyboard) to navigate to any additional comments that may exist.
Admin Buttons continued…

Helpful Tips

- Helpful information is available for all pages. Click the question mark on the page to display the dialogue for the specific process.
- Use the “next page” button
Searching

Helpful Tips

• The search and filter features of Banner has been modernized and expanded. Click on the ellipsis button to display the search option list.
• Select “person search” to enter query mode.
Query/Filtering

Helpful Tips

- Select the field options and parameter sets. To execute the query click the ”GO” button.
The Message notification window functions similar to the “Hint Line” in Banner 8. There are three types of messages displayed. Each message is color coded.
