Islander Email Setup-Android

Android users can access their email on their mobile device by going to outlook.tamucc.edu in a web browser or by installing the Outlook app on their device. This app can be found in the Play Store.

1. Once you have installed the Outlook app from the Play store, from the Applications menu, select Outlook.

2. Tap Get Started.
3. Type your full email address and tap **Go**.

Enter your work or personal email address.

```
firstname.lastname@tamucc.edu
```

4. Type your **IslandID password**, and then tap **Sign in**. Choose how you would like to authenticate your identity using **Duo**.
5. Once you have approved the Duo prompt or phone call, you will be asked if you would like to setup another account now. Setting up an additional non-university account is not recommended. Tap Skip.
