This tutorial will walk you through checking out a commuter license for IBM SPSS Statistics. This allows you to launch IBM SPSS Statistics when off campus. The maximum allowed check out time is 30 days.

1. Click the **Start Button** and scroll through your apps to find the **IBM SPSS Statistics folder**.
2. Open the **IBM SPSS Statistics folder** and click on **IBM SPSS Statistics 25 Commuter License**.
3. Select the version of SPSS you are currently using.

4. Change the number in the **Duration field** to the number of days you will need to use SPSS while away from campus. The maximum number of days is 30.

5. Click the **Check Out** button.

6. Click the **Exit** button.
